Rishabh Raj Tiwari

REACT JS DEVELOPER

Indore, MP | +917828268285 | rishabht500@gmail.com | linkedin.com/in/rishabh-raj-tiwari-986515232 | rishabh-tiwari100.github.io/portfolio

Experience

SoftOps Technologies | Indore, MP   **Nov 2023 – Oct 2024**

React JS Developer

- Contributed to multiple projects, focusing on front-end development with React JS and Typescript, ensuring high-quality, scalable, and maintainable code.
- Worked on modern React features such as functional components, hooks, and context API, as well as legacy class components in existing codebases to maintain and enhance older applications.
- Wrote unit tests and end-to-end tests using Jest and React Testing Library to ensure the reliability and stability of features across different environments.

Projects

Scio Services

Scio Services is a survey app that allows users to create customized surveys with a variety of question types and formats. It simplifies the process of collecting valuable feedback and analyzing responses in real-time, making it ideal for businesses, researchers, and educators.

BAM

BAM is a kid-friendly video streaming app that combines age-appropriate content with gamification. Users earn badges by watching specific types of videos or reaching viewing milestones, making the experience interactive and rewarding. The app also includes parental controls to ensure a safe and engaging environment for children.

Smartpath.co

Smartpath.co is a software solution that automates pricing, client onboarding, and payment collection for tax professionals. It helps firms save time, improve profitability, and deliver better client experiences.
